

## Sweden metal mining output in metric tons by type for 1998 to 2000

**Description:** Database Table Name: Sweden metal mining output in metric tons by type for 1998 to 2000  
Database tables provide quantitative market research information in a concise tabular format. Over one thousand database tables are currently available from Research and Markets. These tables / charts allow you to quickly understand market trends and drivers and can form the basis for making market forecasts.  
Please note that these database tables are very focused one or two page tables / charts. They are great as a quick snapshot of a given market, or to incorporate into your own presentations / forecasts. But they do not give the detailed analysis and the comprehensive information found in the full industry / market reports. If you do require more detailed market research please search the Research and Markets site.
